

## Your GMP Energy Statement

### Net Metering Customer

#### Billing Summary

Your Total Amount Due reflects what you owe after any available net meter credits are applied to applicable charges.

#### My Net Meter Summary

Your net meter credits are in your Net Meter Bank. When you are billed each month, we will transfer net metering credits from your bank to pay any applicable charges and when you generate credits we will transfer them to your bank. Certain customers may see the My Net Meter Summary displayed on the back of their bill below the Bill Details section.

#### Energy Use Snapshot

- A Total kWh generated from your array
- B Amount of excess power you didn't use that went on the grid
- C Total kWh used by your home

#### Bill Details- New Charges Adjustments

**Non-Bypassable Charges:** For net metering systems after 2017, or if your net metering system is older than 10 years, net metering credits cannot be used to pay the customer charge, Energy Efficiency Charge, Electric Assistance Program charge, and any rental or financing charge. Any non-bypassable charge is highlighted in green print.

**Transfer Credit To/From Net Meter Bank:** This adjustment displays the net amount of net metering credits transferred to and from your net metering bank; from your net meter bank to pay applicable charges and to your net meter bank when you generate excess credits.

**Message Center**  
Sign up for GMP text alerts! You can easily report outages by text, get updates from GMP and track restoration times too. More info here: [www.greenmountainpower.com/apps-alerts/text-alerts/](http://www.greenmountainpower.com/apps-alerts/text-alerts/)  
Get the GMP app! The app makes it super convenient to manage your GMP account, report an outage and track restoration. Learn more: [www.greenmountainpower.com/apps-alerts/mobile-app/](http://www.greenmountainpower.com/apps-alerts/mobile-app/)
