

GREEN MOUNTAIN POWER  
RESIDENTIAL CRITICAL PEAK PRICING RATE SCHEDULE  
COMPANY DESIGNATION: 9

AVAILABLE:

Throughout the Company's service territory.

APPLICABLE:

This rate is for single-phase electric service at secondary voltage for domestic purposes in private residences, individual apartments and farms. Incidental use for other purposes will be allowed provided that the Customer's use is predominantly as specified above; otherwise, the appropriate rate in this schedule of rates shall apply for all use unless residential use is separately measured. This rate shall not apply to entities engaged in farming where there is no domestic use.

RATE:

\$0.673 per day plus  
Critical Peak Hours: \$0.93860 per kWh  
All Other Hours: \$0.22153 per kWh

CRITICAL PEAK HOURS:

Critical Peak Hours shall be a period of eight (8) consecutive hours between 12:00 p.m. and 8:00 p.m. during a maximum of ten (10) days as determined by the Company. Critical Peak days shall be selected from weekdays between May 1 and September 30, inclusive, except Memorial Day, July 4<sup>th</sup> and Labor Day. During Critical Peak days called by the Company energy usage during these hours will be billed at the Critical Peak Hours rate, rather than the rate during all other hours.

NOTIFICATION OF CRITICAL PEAK HOURS:

The Company will identify Critical Peak days by 5:00 p.m. for the following day. Participating customers will be notified by the Company by 6:00 p.m. through text message, voice call, and/or email notification. Failure by Customers to receive Company

notices or failure to respond to Critical Peak days shall not exempt Customers from the charges for electric use during these periods.

**DURATION OF AGREEMENT:**

One year and such subsequent twelve (12) month periods as the Company may require until canceled by the Customer on at least ten (10) days notice prior to the annual anniversary of the Customer's enrollment date on this rate schedule.

**ADJUSTMENT:**

This rate schedule is subject to adjustment.

**CUSTOMER DATA:**

Customers are required to have an advanced meter installed to measure their usage and are encouraged to create an account with the Company's website to monitor daily usage habits. Customers shall also provide the Company with at least one contact phone number and one email address for notification of upcoming Critical Peak days.
