

Group System Information Needed to Form a Group

*Please note that as part of 2024 changes to Vermont state law, if a system’s Certificate of Public Good (CPG) was filed on or after January 1, 2025, the system can only be group net metered if the plant is located on the same parcel or an adjacent parcel. For systems serving multi-family low-income tenants on non-adjacent parcels, the CPG must have been filed on or before December 31, 2025.

1. Please identify all group members by Account/Meter number(s)
2. Percentage allocation for each account in the group – must equal 100%.

Acct# _____	_____ %
	= 100%

Designee including name, mailing address, phone number and email. This will be the one contact responsible for all communication with the utility regarding actions pursuant to the group net-metered system. It must be a person and not a business.

Name
 Address
 Phone number/email address

Please submit this form to NMGROUP@greenmountainpower.com when forming a group.

The Designee of a group can submit allocation changes up to four times per calendar year by sending an email to GAC@greenmountainpower.com. Changes will be processed within 30 days of written request.
