

POWER SUPPLY CUSTOMER NOTICE

Effective April 1, 2023, the Current Energy/Major Storm Adjustment will change to 0.60% from the current 0.61% you see now. This is due to \$12.1M in power costs between April 1, 2022, and September 30, 2022. Although the overall cost of power is higher, we plan to spread the cost out over a longer period of time so that the Current Energy/Major Storm Adjustment remains roughly level at 0.61% at this time. This will be on your energy statement for 42 months and may be adjusted in the future based on power supply, sales, and major storm restoration costs.

Visit <https://greenmountainpower.com/regulatory/rate-regulation-plan-filings/> or contact us at 1-888-835-4672 for more info.

The Public Utility Commission is reviewing the change. Customers can file comments at <https://epuc.vermont.gov/> (search for Case 23-0334-TF) or via email at puc.clerk@vermont.gov.
