

POWER SUPPLY CUSTOMER NOTICE

Effective July 1, 2023, the Current Energy/Major Storm Adjustment will change to 0.89%, from the current 0.60% you see now. This is due to \$6.3M in additional power costs between October 1, 2022, and December 31, 2022. The change follows a plan for incorporating fluctuations in energy supply costs and storm restoration costs approved by the Public Utility Commission in Case No. 21-3707-PET. This will be on your energy statement for 39 months and may be adjusted in the future based on power supply, sales, and major storm restoration.

Visit <https://greenmountainpower.com/regulatory/rate-regulation-plan-filings/> or contact us at 1-888-835-4672 for more info.

The Public Utility Commission is reviewing the change. Customers can file comments at <https://epuc.vermont.gov/> (search for Case No. 23-1410-TF) or via email at puc.clerk@vermont.gov.
