

CUSTOMER NOTICE

Under GMP's Multi-Year Regulation Plan, the Current Energy/Major Storm Adjustor line item will be increased by 0.25% from the current 4.73% to 4.98% effective July 1, 2025 through September 30, 2026. This increase is due to a \$5.96 million increase in power supply and storm related costs already paid between October 1, 2023, and March 31, 2025.

The Multi-Year Regulation Plan was approved by the Public Utility Commission in Case No. 21- 3707-PET and amended in Case No. 23-0141-PET. This 4.98% line item may be adjusted down or up in the future based on GMP's actual costs for power supply, sales, and major storm restoration.

The Public Utility Commission is reviewing the increase to the Current Energy/Major Storm Adjustor and customers can file comments at <https://epuc.vermont.gov/> (search for Case Nos. 25-0849-TF) or via email at puc.clerk@vermont.gov.
